

# **HAZARDOUS CHEMICALS PREPAREDNESS AND RESPONSE PROGRAM**

## **SECTION 324 NOTICE-GRIGGS COUNTY ND**

Starting in 1988, the Hazardous Chemicals Preparedness and Response Program requires yearly reporting of inventory of hazardous and toxic chemicals stored across North Dakota.

Typical facilities reporting are:

- Bulk Fuel Plants;
- Anhydrous Ammonia Plants;
- Propane Plants;
- Agricultural Processing Plants;
- Energy Producing Sites;
- Oil Producing Sites

According to Section 324 of the Emergency Planning and Community Right to Know Act, the Griggs County Local Emergency Planning Committee is required to inform the public that the Tier II reports have been submitted.

These reports are on file in the State's Attorney's Office located at the Griggs County Courthouse and may be reviewed during normal business hours which are 8:00 a.m. - 4:30 p.m. Monday through Friday.
